

# Lead the charge... install a battery

Eligible households can claim a discount on the cost of installing a solar battery system, up to a maximum rebate of \$4,174.

# Why install a solar battery?

**Save up to \$640 per year  
on your energy bills**

(based on a typical household)

**Save up to \$4,174  
on the cost of your  
battery system**

**Help create 5,550  
solar industry jobs**

**Tackle climate  
change**

The Solar Homes Program is supporting eligible Victorian households to install a solar battery to complement an existing solar PV system, up to a maximum of \$4,174. The battery rebate will target growth areas where there are already a large number of homes with solar panels and areas where the grid can safely absorb the extra power.
