

Congratulations on purchasing a new electric vehicle and contributing to Victoria's clean energy future.

The Victorian Government's Zero Emissions Vehicle (ZEV) Subsidy is helping fast-track Victoria's transition to a clean energy future.

It's part of the *Zero Emissions Vehicle Roadmap*, a comprehensive \$100 million plan to drive uptake of ZEVs, which includes over 20,000 subsidies to help Victorians purchase a ZEV – the first subsidy of its kind in Australia.

### How to apply for the subsidy

Until a process to apply the subsidy at point of sale is in place, Solar Victoria will pay the subsidy directly to eligible individuals or businesses.

Please scan this QR code on your mobile device for information on Solar Victoria's website about when and how to apply for the ZEV Subsidy.

### How we will use your information

If required for your ZEV Subsidy application, your car dealership will provide your information to Solar Victoria within the Department of Environment, Land, Water and Planning for the purpose of administering the ZEV Subsidy.

#### Collection Statement

The Department of Environment, Land, Water and Planning (DELWP) is committed to protecting your privacy in compliance with the Victorian Privacy Laws.

The information you provide your car dealer will be given to and used by DELWP for the purpose of delivering the Zero Emissions Vehicle (ZEV) Subsidy. This includes assessing your eligibility for the subsidy, paying the subsidy, understanding power usage across the Victorian electrical grid, and meeting our reporting obligations under the program. Your contact details may be used by DELWP or its contracted service providers under confidentiality agreements to survey you about your experience with the department, and about the use of your ZEV to improve program design.

The information that you provide may be disclosed to other Government departments where permitted or required by law.

If you do not provide all the requested information, DELWP may be unable to provide the subsidy amount to your vehicle.

You may request access to, or correction of, information we hold about you at any time by contacting [zevsubsidy@team.solar.vic.gov.au](mailto:zevsubsidy@team.solar.vic.gov.au)
