

Privacy Collection Statement

The Department of Environment, Land, Water and Planning (DELWP) is committed to protecting your privacy in compliance with the Victorian privacy laws.

The Personal Information you provide to your car dealer will be given to and used by DELWP for the purpose of administering the Zero Emissions Vehicle (ZEV) Subsidy program. This includes assessing and verifying your eligibility for the subsidy, gaining insights into electricity infrastructure requirements, and demographic reporting on take up of ZEVs and the ZEV subsidy.

Your contact details may be used by DELWP to ask you to participate in surveys about your use and charging of ZEVs, solar, battery and electricity use, and other related areas. DELWP may also provide you with a subsidy confirmation about your participation in the ZEV Subsidy program and other ZEV energy optimisation initiatives.

The personal information you provide may be disclosed to other Government departments such as the Department of Transport and associated agencies where permitted or required by law.

You may request access to, or correction of, information we hold about you at any time by contacting zevsubsidy@team.solar.vic.gov.au. Not providing this information will prevent DELWP from verifying your eligibility for this subsidy.
