

# Congratulations. You're now driving the future of transport.

Zero emissions vehicles (ZEVs) are an important step in Victoria's transition to a clean energy future – a transition away from fossil fuel powered vehicles to a cleaner, greener and now more affordable way of driving.

# Spread the word and get driving

## Help spread the word

From performance to cost, you'll be surprised about the potential of zero emissions vehicles. Read and share some interesting facts on the [DELWP Energy website](https://www.delwp.vic.gov.au/energy).

## Find charging stations

Search for charging stations using [PlugShare's](#) database. All you need to do is: Enter your location > Select the plug type you need > Get started on your trip.
