

Congratulations. You're now driving the future of transport.

Zero emissions vehicles (ZEVs) are an important step in Victoria's transition to a clean energy future – a transition away from fossil fuel powered vehicles to a cleaner, greener and now more affordable way of driving.

Spread the word and get driving

Help spread the word

From performance to cost, you'll be surprised about the potential of zero emissions vehicles. Read and share some interesting facts on the [DELWP Energy website](https://www.delwp.energy.vic.gov.au/).

Find charging stations

Search for charging stations using [PlugShare's](#) database. All you need to do is: Enter your location > Select the plug type you need > Get started on your trip.
