

Hot water rebate 

# Hot water, cool prices.

Eligible households can claim a discount on the cost of a solar or heat pump hot water system, with our hot water rebate.

Solar  
Victoria

# Why install a solar or heat pump hot water system?

Save up to \$400 per year on your energy bills  
(based on a typical household)

Save up to \$1,000 on your hot water system

Help create industry jobs

Tackle climate change

The Solar Homes Program is supporting Victorian households to install a replacement hot water system, by providing a rebate of up to \$1,000.

The discount applies to electric-boosted solar hot water and heat pump systems that meet safety and quality standards.

To find out if you're eligible for a hot water rebate visit [solar.vic.gov.au/hotwater](https://solar.vic.gov.au/hotwater)
