

Solar panel (PV) rebate 

# Save with the sun. It's that simple.

Eligible households can claim a discount on the cost of solar panels (PV), with the option of an interest-free loan for eligible applicants.

# Why install solar panels (PV)?

Use your solar energy and save more than \$1000 per year on energy bills

(based on a typical household)

Save upfront on your solar PV system

Help create solar industry jobs

Tackle climate change

Through the Solar Homes Program, the Victorian Government is helping Victorians take control of their energy bills by offering an upfront discount on the cost of a solar panel (PV) system.

To further reduce costs, owner-occupiers can apply for an interest-free loan, for an amount equivalent to their rebate amount.

To find out if you're eligible for a solar panel (PV) rebate visit [solar.vic.gov.au](https://solar.vic.gov.au)
